**EDITORIAL**  
 We are rapidly nearing the end of our first report card period of this year. During the past week many of our student friends have been struggling with chemistry, algebra, history, English and other subjects in an attempt to master them completely. We are sure that these tests will result in a blow, but to most of us they will, although hard on the nerves, be taken and passed.

Many of us will find the road towards our education getting rougher, but with a little effort we can smooth out the bumps and proceed on our way. We should think about this and resolve that we will not be the failure person who is to be left behind—that we will not run up against any bumps along the trail of education that can stop us.

To us in this time of our lives time and lot of work for nothing. Sometimes we wonder if an education is worth it. We look at many famous men who have received very little education but point out that if they could be

some famous without education we can certainly live an ordinary life without one. But if we ask any of these men if they are satisfied with their meager education we are sure to receive an emphatic "No" as reply.

Living in a world without education would be like sitting down to meal after meal without salt, pepper, or any of the spices which appeal to our tastes and give the food its deliciousness. Life would be a meal without taste—flat and disgusting.

If we study while we are in school and master a subject we will be preparing for ourselves a later life of pleasure and happiness. After our school days are gone we will look back on them with pleasure if we have used them to a good advantage, but if we have wasted them we will never forget the opportunities we have passed up.

We have the chance to let us go by the saying, "Make hay while the sun is still shining."

Jimmie Williams.

## UNDER THE PALM LEAF

Last Thursday after school the cheer leaders asked everybody to stay for a pep meeting. The results were to be announced. There were all of 25 students there. It was 25 turned out for our games? Well, that's how your cheer leaders feel.

I think that all the student body needs is a little pep and cheering and a lot of school spirit. If we want our boys to win, then we want to come out and cheer for them. But we don't cheer if we don't know the cheer; therefore we have "PEP" meetings every Thursday after school.

Oh, yes, and at the games, we want to see all the students to stay in one place so that our cheerers won't sound like a bunch of crickets in a pumpkin patch. And eating of pumpkin patches reminds us of Halloween. This is next Friday.

Now you as editor wants everybody to have fun but she also wants to drop a word of warning. One thing in particular comes to my mind; let's don't do any thing harmful around our new school in the new buildings being erected in town. We wouldn't want anyone to destroy any of our own property; so let's practice what we preach.

Also to those who drive, be careful on the roads. Earl Hall

downed night many are killed by reckless driving or from objects placed on the road by pranksters. So let's not endanger the lives of others by playing pranks or other stunts in our public highways. And let us drive carefully, be thoughtful of others, and remember, "We who laugh last, laugh longest."

## SPORTS NEWS

Friday afternoon Belle Glade's Golden Rams offered aside the Delray Seabooks a most, a soft victory.

With a show drizzle of rain to dampen both field and ball, Belle Glade again faced the Delray Seabooks.

From the start to the finish of the game, Belle Glade was confronting them a sound wall consisting of eleven Golden Rams.

In the third quarter the game was a tie, with both teams streaking.

Delray made several valiant tries for a score but they were stopped each time.

to act to be lazy. Oh, my, why does life all labor be?

Dorothy Betner really wants to go back to school. Jimmy is going all right. Dorothy.

Who was that holding Helen Jones' hand in the show Tuesday afternoon? Could it have been Buech??? Could be.

Why does Scott Lee want to know where Barbara Murphy lives???

Who were those two football players that Lois was so interested in at the dance? Could it have been Billy and Benny???

What about Eaden???

What about those two lovely-dovey teachers at the matinee Tuesday???

Barbara Murphy really had eyes for Ernest Friday night.

Where did Tom Lloyd learn to jitterbug??

Roscoe's bicycle certainly comes in handy after school. Ask Julia and Gloria.

Does Crawford dream about Evaline all the time? We hope so every day that he will wake up.

I bet the F. A. boys really are red when they went around to the teachers to get paddled.

What Pabstoke girl is Jack Whitlock crazy about???

What little freshman does Barbara Tidwell like???

What little freshman does Ralph Bialow seem interested in. It seems her sister is pretty good competition. What does Herb Buskin have after boys lack???

Why is Edrina mad at Buech? Could Helen be the cause of it all.

Could there be anything between Tom Lloyd and Ruth McEaddy? We wonder.

Who is taking Andrea's place as Adolphus? Could it be Punk???

Bill Grant and Letitia really love it but don't they??

What's this I hear about Boddy Hampton and Laren Henderson??

Why is it that Agnes R. can't seem to make up her mind between those three sophomore boys, (P.W., H.B. and C.L.)

Crawford, what's wrong with you? You can't be that crazy about that senior.

## ROTARY

The following students had the honor of being guests of the Rotary Club Friday, October 24, 1941. Miss Gloria Betner, Fred Strickland, and Jimmie McEaddy.

Miss Gloria Betner gave a brief outline of the new high school—its schedule, teachers, and so on.

Fred Strickland sang and played several songs on his guitar.

Jimmie McEaddy played a few numbers on his trumpet.

## ASSEMBLY FRIDAY

On Friday, October 24, Mrs. Hardy's section of the sophomore class had the assembly program. However they made the program as short as possible, so they could have cheering for the game with Delray that afternoon.

To open the program, every body sang, "America the Beautiful." Gloria Snipes then read Psalm 101. The students recited the Lord's Prayer, and heard the Hodge or Allegiance to the flag.

Willie Frank Martin acted as master of ceremonies. He introduced Agnes Robertson and Elizabeth Kenney, who sang "Question in Heaven," accompanied on the guitar by Tammie Hobbs. Elizabeth Kenney again entertained us by tap dancing the Military Tap. Willie Frank then told an amusing story about the "seven year itch." Elizabeth Kenney tapped "Turkey in the Straw," accompanied by Tammie Hobbs on the guitar and Willie Frank playing a harmonica.

Mr. Bartlett announced the F. A. dance that night. His second announcement, which received a great deal of applause and cheering, was that school would be over at 2:30 that afternoon because of the football game with Delray.

Couch Thompson asked us all to be good sports Friday, to be courteous and pleasant to Delray in the afternoon, when the two teams would clash here in Belle Glade.

The program was concluded by singing "America."

The cheer-leaders led us all in cheering for Belle Glade and then the students went to their fourth-period classes.

Next week, in the other section of the 10th grade, Miss Carl-ton's room, will be responsible for the program.

## NINTH GRADE NEWS

Couch Thompson's room is busy making plans for the carnival. All have been busy studying this week for the six week test.

Couch has been having a good time, so it seems, in very greatly tapping the F. A. initiative this fine Wednesday morning.

Many of the class members

have returned to school after brief cases of measles.

## SHORTS FROM THE ROLLER RINK

(Note: This will be an extended column after this issue, until February first because of the fact that the roller rink will be closed until then.)

The Misses Margaret Williams and Barbara Murphy were among those who motored to Pahokee last Thursday night and enjoyed an evening of skating at the roller rink.

Included in the same car with them were Miss Blanche Short, Mr. Williams, and Mr. Anderson.

Others from Belle Glade who made up the skating party were Juanita Besant, Wilbur Kierke, Susan, Thomas Kelly, Calvin Mims, and Mr. and Mrs. Richmond.

And, by the way, Margaret and Barbara are both getting to be quite good skaters, if anyone ever told them they were not.

And, while we are on the subject, have any of you ever seen Thomas Kelly skate around the complete rink sideways? It is known as "Waddle" skating???

Jack Whitlock and Benny Richmond, two more Belle Glade skaters, were out to go to the party, awful too, but couldn't. You know? Football complications?

Then we guess the 6 to 10 triumph over Delray the next day as well worth the sacrifice!

The Misses Geraldine Thomas and Gene McWorter dropped in on the party during the evening but didn't skate. I don't know why they didn't. The rink was right. The skates were oiled. And they tell me they are both good skaters. Could it have been "leaves complications?"

## Florida Masons

### Honored at Meet

At the annual session of the Supreme Council of Scottish Rite Masons for the Southern Jurisdiction held at Washington, D. C., the past week, a number of members of Florida Consistories, were elected to high honors in the rites.

Companions elected to the knighted as 33 degree members were as follows: Tampa, A. W. Conner and H. G. Turner; Miami, Charles Allenbacher and Irwin W. Ward; James A. Harrell, Jacksonville and Frank E. Wells, of Pensacola.

Lake Worth Consistory, which has many members in Belle Glade, are having two of its members elected to be knighted as Knights Commanders of the Court of Honor, from whose circle future

members of the 33rd degree are chosen. Those so honored were: Charles E. Richardson, of West Palm Beach, and William A. Hureff, of Green Acres and

Belle Glade.

Lake Worth Consistory will open its fall reunion on November 2, when the grades of the fourth to fifteenth degrees will be worked. The largest class in years is expected for this reunion, with some ten or more candidates from the Glades section.
